April 29 1844

My dear Sir

I received in due course your letter of the 1<sup>st</sup> and I believe there is a former one of yours <sup>also</sup> & I acknowledge I was in hopes of being able by this time to have returned your Scrophulariaceae but the working them up is a long operation and though I have got through Pentstemon, the Gnatisolva etc I shall not be able to finish the Gerardiaceae & Euphrasice till my return from London where I am going for a few weeks - I hope however to send all back by the end of August.

You ask me about Mofus
